Message form Director

It gives me an immense pleasure to note that the ASBASJSM College of Pharmacy (Autonomous) BELA is bringing out the annual magazine "The Spectrum".

"Learning is a continuous process from the minute we are born, until we die." COP-BELA provides a platform for every student to develop his learning skills through magazine. Besides, our budding talents have expressed their thoughts, ideas, hopes, feelings, aspirations and convictions in a creative way.

The Faculty members are sent to seminars, workshops and Summer schools to improve the skills required. This magazine should be a good source of guidance for faculty and coming batches of students in choosing activities of their choice in their future for building their carrier.

I congrulate, Head, Teaching and non teaching staff, editorial board and students of the COP-BELA for bringing this edition of Magazine 2024.

Wish you all the best.

OINCREDIBLE YOU

I believe in the power of wards.

Many people speak before they think.

But I know the value of woulds.

The words can make you or break you.

They can heat your soul or can damage you forever.

So, I always try to use positive words in my life, wherever I go.

They called it Adversity, I called it oppositunity

They called it weakness, I called it sterength.

They call me disabled, I called myself differently abled.

They see my disability, I see my ability.

There are some greident that happen in your life.

And those incidence are so strong that they can change your DNA.

They President and accidents are so strong that they break you physically.

They deform your body but transform your doub.

कितना भी हो जाऊ बड़ा,
